Career Objective

As a third-year Computer Science student at Vellore Institute of Technology, Vellore with a 9.17 CGPA, I seek an internship in software development. My goal is to gain practical experience in the software development lifecycle, applying my skills in Java, Python, C, C++, SQL, Power Bi, data structures and algorithms. I aim to enhance my proficiency in Agile, Git, collaborative coding, problem-solving, and communication while contributing to robust software solutions. Through mentorship from experienced professionals, I aspire to learn industry best practices and prepare for a successful career in software engineering.

Education-Background

Vellore Institute of Technology

Vellore

BTech Computer Science (Core) CGPA: 9.17

2022 - Present

Bal Bhavan Public School

Mayur Vihar Phase-2,New Delhi 2020 - 2022

Education till 12th *GPA*: 12th: 95.6% **Bal Bhavan Public School**

Mayur Vihar Phase-2,New Delhi

Education till 10th GPA: 10th: 94.8%

2007 - 2020

COMPUTER Skills

Frontend development:

HTML, CSS, JavaScript, React

Programming Languages:

C, C++, Python, Java

Query Language: Data Visualisation: Postgre SQL Power Bi

Areas of Interest

- Data Analysis
- · Web Development

PROJECTS

• Student Result Management System

- Developed a web-based system for managing student academic records using HTML, CSS, and JavaScript.
- Implemented data entry forms, result generation, and dynamic display of student performance.
- Used JavaScript for interactive features like form validation, result computation, and real-time data updates.
- Designed a responsive interface ensuring usability across various devices and screen sizes.

Sentiment Analysis Chatbot Project

- Developed a chatbot that analyzes user sentiment (positive, negative, neutral) using NLP and machine learning.
- Utilized NLTK and Scikit-learn for model training and text processing, achieving high accuracy.

EXPERIENCES

• Worked with Hewlett Packard Enterprise as Project Trainee on Data Analytics for a period of 5 weeks. (24-May-2024 to 1-July-2024)

EXTRA-CURRICULAR ACTIVITIES

- Senior Core Executive Member of VIT Dramatics
- Winner in Khalbali (Street-play event in Riviera, VIT, Vellore)
- Winner in stage play held at NIT Trichy, Trichy

CERTIFICATIONS

- Programming with Python Internshalla Trainings
- Artificial Intelligence Teachnook in collaboration with Cognizance'24 IIT Roorkee

STRENGTHS

- Ability to rapidly acquire new knowledge and skills
- Excellent communication and interpersonal skills, enabling effective collaboration
- Collaborative team player with experience working towards shared goals
- Enthusiastic learner eager to gain practical experience and knowledge
